

# Psychology Day

## FORENSIC PSYCHOLOGY & FORENSIC SCIENCE

Psychology day will introduce students and faculty to a new STEM track in psychology funded by a grant from the National Science Foundation, preparing students for cognitive psychology, neuropsychology, and neuroscience-focused programs and careers. The keynote speaker, Dr. Chriscelyn Tussey, is the president and founder of Metropolitan Forensic & Neuropsychological Consultation. She is a board-certified Forensic Psychologist and a Clinical and Consulting Neuropsychologist. She is also a Clinical Instructor at NYU Grossman School of Medicine and an Adjunct Professor at New York University. The title of her talk is **The Science of Forensic Neuropsychology: Origins, Current State, and Your Potential Place in the Field**. Dr. Tussey is excited about the future of the field and training those who will lead the change!

Dr. Daryl Wout, the Chair of the Psychology Department at John Jay College, CUNY will discuss different careers in forensic psychology and transferring to John Jay.
